Section 4 – Mental Health Care in a Hospital

How do I get mental health care in a hospital?

3

Mental health care in a hospital after an emergency is usually called post-stabilization care services. DBH uses McKay-Dee Hospital (Ogden), University Neuropsychiatric Institute (UNI-Salt Lake City), and Davis North Hospital (Layton).

If you are outside of Davis County and need mental health care in a hospital, go to the nearest one and ask for help. The hospital **must** call us for approval. We might have you stay at that hospital, or we might transfer you to one of our hospitals. It is important to let the hospital know DBH is your Medicaid mental health provider. This is so they can call us if they want to admit you.

The hospital must call us at 801-773-7060 and let us know they are planning to admit you for care.

Section 5 – Transportation

Can I get help with rides to my mental health or substance use services?

We might have providers who speak or sign your language. We have providers who speak Spanish. You can ask to get services from them, or you can ask for an interpreter. Interpreters are free and available in all languages, including sign language. An interpreter can help you over the phone and be with you at your mental health or substance use appointments.

Section 8 – Payment for Services

Co-Payments for Services

Medicaid's Member Guide has information on co-payments, including information on Medicaid member groups that do not have co-payments on any Medicaid services.

There are no co-payments for outpatient mental health or outpatient substance use disorder services for any Medicaid members.

Hospital Emergency Room Services

Will I have to pay for services in a hospital emergency room?

You will not have to pay for emergency services in a hospital emergency room.

If you are a Medicaid member who has co-payments, there may be a co-payment if you use the emergency room when it is not an emergency.

Mental Health Care in a Hospital

Will I have to pay for mental health care in a hospital?

The hospital can charge you a co-payment of \$75 for each hospital stay. But you will not have to pay more than this amount.

Some Medicaid members do not have co-pays. You can look at Utah Medicaid's *Member Guide* for information on individuals who do not have co-pays.

Outpatient Mental Health or Substance Use Services

Will I have to pay for outpatient mental health or substance use disorder services?

Non-Emergency Outpatient Services

You may have to pay your provider for a non-emergency outpatient service if:

- You get a service that is not covered by DBH or Medicaid; or
- You get a service that is not pre-approved by DBH
- You do not go to a DBH provider.

If any of the above happens, your provider might ask you to pay for the service. You should only be billed for the service if all four things below are met:

- The provider has a written policy for billing all patients for services that are not covered, not just Medicaid patients;
- The provider tells you before you get the service that you will have to pay for the service;
- You agree to pay for the service; and
- There is a written agreement signed by you and the provider that says what the service is and how much you will have to pay.

NOTE: If DBH did not approve a service you or your provider asked for, you can appeal this decision with DBH before you agree to pay for the service. Section 11 on page 13 explains how to appeal.

You might also have to pay your provider for a non-emergency outpatient service if:

- You ask for and get services during an appeal with or during a Medicaid state fair hearing. You would only have to pay if the appeal or state fair hearing decision is not in your favor.
- You are not on Medicaid when you get the service.

Emergency Outpatient Services

You will not have to pay for emergency outpatient services.

Ambulance Services for Emergency Care

Will I have to pay for ambulance services for emergency care?

You will not have to pay for ambulance services for emergency care.

Section 9 – Getting Mental Health or Substance Use Services

How do I ask for mental health or substance use services?

To make an appointment please call: 801-773-7060

The Main Street Clinic: Mental health & Substance Use outpatient services for children, youth, and adult

The Layton Clinic: Mental health outpatient services, day treatment, & Residential treatment for adults

We have evening appointments. Let us know if that is what you need. You can also get services directly from a federally qualified health center (FQHC) without DBH approval.

Indian members can get services from an Indian healthcare provider.

How quickly can I be seen?

If you need emergency care, you will be seen right away. (See Section 2, Page 4 – Emergency Services)

If you need to be seen soon, but do not have an emergency, we will give you an appointment within five working days. If you do not have an urgent need for care, we will see you within 15 working days. If your situation changes and you think you need to be seen sooner, call us. We will talk about your needs again.

Section 10 - Choice of Provider

Can I choose my mental health or substance use provider at DBH?

Maybe. You can talk to the intake worker about your choice of doctor, therapist or case manager who is right for your needs. If you are already a client and want a different provider, you can ask your current provider. Or you can call 801-773-7060 and ask to talk with an intake worker.

Can I get outpatient mental health or substance use services from someone outside of DBH?

In special situations, you can go to a provider outside DBH. You and the provider must get approval before you get services. Call 801-773-7060 and ask for the Off Panel coordinator to talk about your request.

When will DBH tell me the decision?

If we have a written agreement with the provider, we will usually make a decision on your request within 14 calendar days. Sometimes we might need more time to make a decision. We will let you know about this in writing. You may file a grievance if you are unhappy with our need to take more time. If you or your provider thinks it is important to make a decision quickly and we agree, we will try to make a decision in 3 working days. We will give you our decision in writing. We will also tell the provider.

Can I get a second opinion?

Yes. You can get a second opinion about your mental health or substance use problem or care. If you would like a second opinion by another provider, call 801-773-7060. There is no cost for a second opinion.

Section 11 - Rights and Responsibilities

- Respecting the property, comfort, and privacy of clients and staff;
- Telling your treatment provider when you want to stop services;
- Bringing your Medicaid card to every visit; and
- Keeping our facilities and campuses tobacco free.
- Being respectful of DBH staff.

Section 12 – Adverse Benefits

What are adverse benefits?

Adverse benefits are when DBH:

- Denies (turns down) or approves fewer services than you wanted
- Decreases the number of services or ends a service we had previously approved. (If you agree with the change in your treatment, it is not an adverse benefits. This is only an adverse benefit if you tell us you don't want the change.)
- Denies payment for a service that you might have to pay for,
- Does not provide an intake appointment within the required amount of time and you are unhappy with this
- Does not settle an appeal or grievance you have filed with us as soon as we are supposed to, or
- Does not make a decision about getting services from a DBH subcontractor in the amount of time Medicaid wants us to.

How will I know if DBH is taking an adverse benefit?

We will send you a letter called a Notice of adverse benefits. You may appeal the adverse benefit.

Section 13 – Appeals

What is an appeal?

An appeal is when you ask us to look at the adverse benefits again to see if we made the best decision.

Who can file an appeal?

You, your legally authorized representative, or your provider with your written permission, can file an appeal.

When do I have to file an appeal?

Your notice of adverse benefits letter will give complete information on the appeal process. It will also tell you how soon you must file the appeal. In most situations, you must tell us you want to file an appeal within 60 days.

How do I file an appeal?

You, your legally authorized representative, or your provider may file an appeal in either of these two ways.

- Fill out the appeal form that we sent with the Notice of Adverse Benefits letter. Send it to the address on the appeal form.
- Or, if you would like, you can call us first to file your appeal. Call 801-773-7060 Monday – Friday from 8:00 AM to 5:00 PM. This phone number is toll-free in Davis County. Ask for the Corporate Compliance Officer and say that you would like to file an appeal.

What if I need help filing my appeal?

Please call 801-773-7060 Monday – Friday from 8:00 AM – 5:00 PM and ask for the Corporate Compliance Officer or toll free at 844-305-4782.

Can I keep getting my services if I file an appeal?

If we sent you an adverse benefit saying that we will reduce or stop services we had approved and you are receiving, you need to tell us if you want to keep getting those services. We must give you a 10-day advance notice that we will stop or change those services. If you file an appeal within that 10 days or before the date, we want to stop or change the service and ask that the services continue, we will keep giving you these services. If the appeal decision is not in your favor, you might have to pay for the services.

When will DBH tell me the decision on my appeal?

Usually, DBH will give you a written decision within 30 calendar days after we get your appeal. Sometimes we might need more time to make the decision. If we need more time, we will let you know in writing. Also, you might want us to take more time for some reason. If so, let us know. When you, your provider, or we think it is important to make a decision on your appeal quickly, we will usually make a decision within three working days.

Section 14 – Medicaid Fair Hearings

What can I do if I am unhappy with the appeal decision?

If you are unhappy with our decision on your appeal, or we cannot make a decision on your appeal as soon as Medicaid wants us to, this is what you can do:

You, your legally authorized representative, or your provider can ask for a fair hearing with Medicaid. In our appeal decision letter, we will tell you that you can ask for a fair hearing. The

letter will tell you how and when to ask for a fair hearing. We will also give you the fair hearing request form to send to Medicaid. You must ask for a fair hearing in writing using the form we give you.

If you have questions or need help filling out the form, call DBH at 801-773-7060, or toll-free at 844-305-4782 and ask for the Corporate Compliance Officer, or talk with your provider.

At a fair hearing, you can speak for yourself, or you can have a relative, friend, lawyer or anyone else speak for you. Before and during the fair hearing, you, and any person helping you, can present documents. Also, you, and any person helping you, can look at all of the documents that will be used at the fair hearing.

Can I keep getting my services if I file a request for a fair hearing?

If the fair hearing is about our decision to reduce or stop services we had approved, you need to check the box on the fair hearing form asking that the services continue. We must give you a 10-day advance notice that we will stop or change those services. If you request a fair hearing in the required timeframe and ask that DBH keep giving you services, we will continue to give you services. If you request continued services, you have 10 days following the appeal resolution to request a fair hearing. You might have to pay for these services if the fair hearing decision is not in your favor. If the fair hearing is about any other kind of adverse benefit, you can discuss your services during the fair hearing.

Section 15 - Complaints/Grievances

What if I have a complaint?

If you have a complaint about anything other than an adverse benefit, this is called a grievance.

How do I file a grievance?

You, your legally authorized representative, or your provider can file a grievance with any staff member. If you need additional help or want someone else to talk to about the grievance, you can call 801-773-7060 Monday through Friday from 8:00 AM to 5:00 PM or toll free at 844-305-4782. Ask for the Corporate Compliance Officer.

You can also give us your grievance in writing. You can give it to any staff member or your provider. You can also mail it to the Corporate Compliance Officer at 934 S. Main St. Layton, UT 84041. If you don't want to talk to us about your grievance, you can call Medicaid anytime at 1-877-291-5583.

When will DBH tell me the decision on my grievance?

DBH will give you a decision within 45 calendar days after we get your grievance. Sometimes we might need more time to make the decision. If we need more time, we will let you know about this in writing. Once we make a decision, either we will talk to you about our decision, or we will send you a letter.

Section 16 - Advance Health Care Directives

What if I am ill and cannot make health care decisions?

You can give others instructions about your decisions for your health care.

This is called an "Advance Health Care Directive." This will tell us in writing what health care choices you want made if you can't make decisions later.

There is one form with instructions. You must use this form. Once you have filled out the form, be sure to give a copy to all your health care providers. You should also keep a copy and give one to your family members.

If you want the form or need more information, talk to your therapist or your case manager, or call 801-773-7060 and ask to talk to an intake worker.

If you have an Advance Directive and there is a problem with it being followed, call the Utah Survey and Certification Agency at 801-538-6158 or 1-800-662-4157.

Section 17 - Privacy

Who may read or get copies of my medical record?

We respect your right to privacy and confidentiality. DBH follows federal laws about privacy of your medical record. DBH does not use or share your protected health information except as federal law allows. When allowed by federal law, only the least necessary material is shared. We will talk to you about privacy when you first come for services.

Section 18 – Davis Behavioral Health Operations

What if I want to know more about how DBH operates?

If you ask, we will give you more information on our services and operations, including information on how we choose providers and what is required of them, on our grievance system, and on our confidentiality policy. We will also give you a copy of preferred practice guidelines for mental health and substance use care, if you ask. Please call 801-773-7060 or toll free at 844-305-4782 and ask for an intake worker
